**Centre for Art Tapes  
Electronics Residency 2010  
Deadline: Midnight Friday, November 13, 2009**

The Centre for Art Tapes is accepting proposals for its *Electronics Residency Program*. Four applicants will be chosen to be in residence from January to April 2010.

**Who can apply?**

Anyone who wishes to make a project that involves electronics, mechanics, and/or computer programming may apply. Although no previous knowledge is necessary, priority will be given to applicants whose support material shows an interest in electronics, mechanics, and/or computer programming.

**What are the benefits?**

Successful applicants will receive the following:

- Free weekly workshops by Electronics Lab Technician Adam Kelly
- Free and unlimited access to the Electronics Lab
- An \$800 honorarium for the creation of their project
- A \$100 material fee
- The opportunity to exhibit the created work in a group exhibition in the fall of 2010

**Considerations**

Successful applicants will be in residence from mid-January to the end of April 2010. Recipients must attend weekly workshops on Monday afternoons, and must complete their proposed work by the end of April 2010.

**Selection Process**

Successful applicants are determined by a peer assessment committee. The committee will base their decisions on the quality of the completed application, the feasibility of the project within the allotted timeframe, and the works relation to the disciplines of electronics, mechanics, and/or computer programming.

**How to Apply**

Applications should include the following:

- A written project proposal (1 page maximum)
- A brief description of previous experience (if applicable)
- Support material (CDR, DVD, URL)

- A description of support material
- Current CV or resume

Deadline: Midnight Friday, November 13, 2009.

Incomplete or late applications will not be considered.
